1. *Journal of the American Medical Association*, 1997; 277: 1039-1043.

A high-contrast, black and white photograph showing a dark, textured surface, possibly a wall or floor, with a bright, vertical light source or opening on the right side. The image is heavily shadowed, with the light source creating a stark contrast against the dark background. The texture of the surface is visible, appearing grainy and uneven. The overall composition is minimalist, focusing on the interplay of light and shadow.
